Notes: PRISM Catalog of Enterprise Systems July 1, 2017 - In accordance with 6270.5., this document is available on PRISM's website, and may be requested by the public at PRISM's office. This document is updated annually. For this document an enterprise system is a multidepartment system of record. This catalog excludes:

- (A) Information Technology security systems, including firewalls, and other cyber security systems.
- (B) Physical access control systems, employee identification management systems and other physical control systems.
- (C) The specific records that the information technology system collects, stores, exchanges or analyzes.
- (D) Systems related to 911 dispatch and operation or emergency services.
- (E) Systems that would be restricted from disclosure pursuant to Section 6254.19.

Nothing in this section shall be construed to permit public access to records held by an agency to which access is otherwise restricted by statute or to alter the process for requesting public records, as set forth in this chapter.
