## May 28, 2014

### Property Evidence of Coverage Revision

Recently, the Property Program's Evidence of Coverage for the 2014/15 program year was posted to your new member's area of the EIA website. We have since discovered and fixed ambiguous wording found in the total limits sections which should help clarify the evidenced all risks limits in the program. Your entity's Evidence of Coverage has since been reposted with the correct wording and can be found in your member's area of the website, if you are a member of the program. For more information please contact Max Larkin.

### How to be an Effective Presenter 2-Day Course

In this 2-day confidence course at the EIA offices in Folsom, attendees will have the opportunity to hone their public speaking and presentation skills. This is not your standard lecture, but a condensed, highly interactive class designed for results. Course dates: Day 1 - June 10th; Day 2 - June 20th. For more information contact Maria Blanco.

### Upcoming Cyber Liability Webinar

Mark your calendars for the upcoming informational webinar outlining the Additional Privacy Notification option now available in the Cyber Liability Program. This webinar on June 12th will go over Beazley Breach Response claims service, limits and retentions under this optional coverage. Questions are highly encouraged. Please contact Linda Marczak for more information.

#### Meeting Summaries

Legislative Committee, May 8, 2014

EIAHealth Committee, May 14, 2014

Employee Benefits Committee, May 15, 2014

For members dealing with high cost medical claims, an option to reduce costs may be Prium Medical Cost Services. The EIA has utilized Prium to reduce medical and prescription costs associated with various claims. They work directly with doctors to help reduce chronic pain, and therefore reduce the costs of settling claims. If you have questions about Prium Medical Cost Services, please contact [Jan Rooney](#) for more information.
